# Meet Eveline and Eugene!

Our sponsored children in Kenya

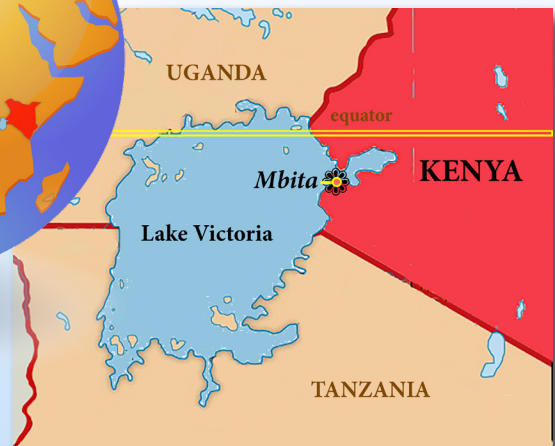

Eveline Censha and Eugene Ouma are not related but they have so much in common. They are both eleven to twelve year old orphans. They both lost their dads in 2008 when they were two years old. Their moms both passed away in 2012 when they were six. They both want to be teachers.

Everline and Eugene live in Africa in a country called Kenya. Their village is called **Mbita** and it is so very poor. *Mbita* is a fishing village on the shore of Lake Victoria which is bigger than most of our Great Lakes.

The only Great Lake bigger than Lake Victoria is Lake Superior

# Would you like to write to Eveline or Eugene?

Eveline lives with her grandmother. She likes to read poems and play soccer which they call football. When she grows up she wants to become a teacher or a nurse. She wrote us:

Dear Clarkstown Pediatrics  
How are you? I hope you are fine. I am also fine. Thank you for taking me as your child. My name is Eveline Censha. I am eleven years of age. I have two elder sisters and I am staying with my grandmother. I am in grade four 2017. I was in a private primary school, but now I am told I will join boarding school called M.A. Academy after doing interview. I like cleaning the dishes for my grandmother. When I finish my education I will be a teacher. In end year examination I got 214 out of 500 marks. I like English as my best subject. Thank you for sponsoring me. May God bless you for me. Have a merry Christmas and a happy New Year 2018.

Your loving daughter  
Eveline Censha

Eugene lives with his grandpa. Like Eveline, he enjoys soccer. He also likes helping his grandpa look after their herd of cows. He wants to become a teacher when he grows up.

Dr. Karasik went to Mbita last December. He met Eugene and Everline and really liked them. They are smart and kind children who want to learn. They heard that Dr. Karasik is a doctor in America and that there are lots of patients of Clarkstown Pediatrics who would love to write to them. He plans to continue to visit them when he can and watch them grow up with visits, photos, and letters.

Clarkstown Pediatrics, along with **SHARE Africa**, a Rockland county based group, will ensure that Eveline and Eugene are able to go to good schools, get clothing and meals, and get to see good doctors and dentists. We will help them with their social needs too. We look forward to sharing news about them in future *Parentletters*. If any of our patients would like to write to Everline or Eugene, we think they would love it! Send letters/photos/drawings to:
